Range of Experience

Mr. Burton has more than 20 years of experience providing forensic accounting services and expert testimony in matters involving proof of lost profits and economic damages, tracing and apportionment of assets, bankruptcy and insolvency, fraud and embezzlement, and personal injury damages.

Mr. Burton is responsible for conducting forensic investigations and preparing complex damage models and financial forecasts. Past experience includes forensic analysis of large commercial and municipal construction projects, measurement of business losses in insurance disputes, as well as quantification of economic damages in personal injury, wrongful death, and wrongful termination cases.

Mr. Burton has traced investor funds in a \$1.2 billion Ponzi scheme. He also has quantified damages in an \$1 billion class-action litigation matter involving more than 10,000 claimants from over 35 jurisdictions. Mr. Burton's past experience includes audit, tax, and accounting services. He has also been qualified as an expert accountant in Florida Courts.
