

BUU-LINH TRAN, CPA*

VICE PRESIDENT - FINANCIAL SOLUTIONS ► MARCUM TECHNOLOGY

301.979.6149

buulinh.tran@marcumtechnology.com

Buu-Linh Tran is a vice president of financial solutions with Marcum Technology with over 25 years of various public accounting and consulting experience. She specializes in technology consulting services, including financial system implementations for several leading product lines, modifications and integrations with existing applications, and corporate performance management. Ms. Tran regularly consults with CEOs, CFOs, CIOs, and other executives across a wide range of financial system, information technology, and business process projects.

Ms. Tran is an accomplished finance and accounting systems professional with proven experience in business requirements analysis, systems integration, accounting software implementation, financial management, and strategic planning. She has managed both large and small technical engagements, overseeing the development and implementation of leading ERP solutions, including Dynamics GP and Sage Intacct and CPM Solutions.

Ms. Tran was previously with a global accounting firm, where she assisted a wide range of clients to optimize enterprise-level applications and processes. A certified public accountant (CPA), she received her Masters of Science in Information Systems from George Washington University and also holds a Bachelor of Business Administration in Accounting from University of Maryland at College Park, Maryland.
