### MARCUM LLP

All U.S. offices of Marcum LLP will once again close on Nov. 27, 2019, to volunteer with local nonprofit organizations as part of the Marcum Day of Service.

Open to all Marcum affiliates in the U.S., the Day of Service sees staff members spend a day volunteering with local hunger organizations. Approximately 46 nonprofits across the country will participate this year, while this year's Day of Service theme will be "Feeding America."

"The Marcum Day of Service has become a firmwide tradition that connects Marcum with our communities in a very literal way, while also allowing our people to connect with each other in a shared task that benefits the communities where we do business," said Jeffrey Weiner, Marcum chairman and CEO, in a statement. "It's one of my favorite days of the year."

"Of the many programs and charitable activities undertaken by the Marcum Foundation throughout the year, our Day of Service is a true highlight for everyone," stated Shaun Blogg, Marcum Foundation chair and Marcum's office managing partner in West Palm Beach, Florida.
