james.miller@marcumllp.com

James W. Miller is an integral member of the Marcum's National Construction Industry group and is located in the New Haven, Connecticut office. He has more than 19 years of experience compiling, reviewing and analyzing financial statements for construction contractors and other allied companies. He has considerable experience with construction claims matters and has provided them with litigation support service. He has also been involved in high profile and sensitive engagements regarding fraud, litigation support, and due diligence projects for business acquisitions.

Mr. Miller's specialties include troubleshooting problem job performance for construction projects and recommending practices to enhance profitability. He has an in depth knowledge of systems analysis and tailoring of accounting software to meet clients' needs. In addition, Mr. Miller has applied his knowledge and expertise to the success of two large engagements for universities within Connecticut.

A sought-after speaker on construction accounting and auditing matters, Mr. Miller has conducted internal training seminars and presented on issues and updates regarding the construction industry and construction engagements. He has also received the ENR Young Professional New England Award.
