Marc Breslow is a partner-in-charge of the Firm's Valuation, Forensic & Litigation Services group for the SE Region. Mr. Breslow has an excess of 30 years of experience, including more than 25 years specialized in forensic accounting.

He manages complex marital dissolution engagements involving high net worth individuals and has an integral role in mediations and settlement conferences. Mr. Breslow offers insight to attorneys throughout the settlement and negotiation process, including the negotiation of alimony, child support, and valuation of assets and liabilities to determine equitable distribution of property.

As a qualified expert witness, Mr. Breslow regularly testifies in court.

Throughout his career, Mr. Breslow has analyzed investor claims and distribution to unsecured creditors. Additionally, he has provided accounting, investigative and administrative services to a court appointed receiver in a shareholder dispute, ultimately involving the wind-down and liquidation of the entity.

Mr. Breslow is experienced in analyzing documentation, interviewing employees, and performing investigative analysis in relation to cases of fraud.
