

Marcum Scholarship

2020-21 Stewardship Report

HUSSAIN SHAH

Major: Accounting

Academic Year: Senior

Expected Graduation: 2022

Hometown: Woodhaven, New York

Dear Ms. Johnson and the Marcum Community,

My name is Hussain Shah from Baruch College and I was recently awarded the Marcum Scholarship. I am both honored and extremely humbled to have been chosen for such a prestigious award and I am writing this letter to express my deep gratitude.

Throughout my years at Baruch College, I have immersed myself in a variety of classes, clubs, leadership positions, and honors programs in order to broaden my horizons and learn more about the business world and pave the way for my career in the accounting industry. My involvement with the Baruch Accounting Society since my freshman year has led me to a path on which I have been able to make meaningful connections, and eventually make my way up to the position of President of the Accounting Society.

After graduation I hope to pursue my master's degree in addition to my CPA License and plan to follow a career in public accounting. This scholarship will propel me forwards and help me attain new experiences I would otherwise be unable to take part in. I once again thank you for your gracious gesture in supporting students like me with the means to succeed in our future endeavors.

Sincerely,
Hussain Shah
