

Peter Rothman

MARCUM TECHNOLOGY

Peter Rothman is the Chief Operating Officer (COO) for Marcum Technology LLC, a national technology advisory and consulting organization that is part of the Marcum Group. Founded in 2001, Marcum Technology provides a wide array of technology services and solutions to clients across a variety of industries with solutions that scale from the SMB to Enterprise markets.

Mr. Rothman is responsible for all the daily operations of the organization including finance, sales, service delivery and strategy and reports to the firm's CEO. He has served as the CIO and CTO for several companies ranging from startups to global conglomerates in industries such as private equity, marketing and media, human resources, technology, and manufacturing. His successful approach has driven organizational growth through digital transformation and a motivational leadership approach.

Mr. Rothman earned his Bachelors of Science in Management with a concentration in Accounting, from Tulane University's, AB Freeman School of Business and is a CPA and CITP.
