Peter Scavuzzo is the CEO of Marcum Technology as well as a principal and chief information & digital officer of Marcum LLP, one of the largest independent public accounting and advisory services firms in the nation, with offices in major business markets throughout the U.S., as well as Grand Cayman, China and Ireland. Marcum LLP is part of the Marcum Group, an organization providing a comprehensive array of professional services.

Mr. Scavuzzo is responsible for creating and executing the strategic technology roadmap across all Marcum Group companies. His current strategic charter focuses on five major points: Innovation, Digital Transformation, Customer Experience, Data Analytics/Insights, and Risk Aversion. During his tenure at Marcum, he has played a key role in the Firm's expansion from two to more than 30 offices, and has successfully integrated more than 40 M&A transactions.

As an executive leader reporting directly to the chairman and CEO, Mr. Scavuzzo provides direction in all strategic technology initiatives. He is the Firm leader in digital transformation and is a strong advocate of leveraging technology to ensure that the Firm maintains long-term viability and competitiveness in a rapidly accelerating technology landscape. The initiatives he is promoting are focused on digitally modernizing traditional processes and leveraging technology to drive efficiency and maximize staff productivity.

He is a member of the Firm's Executive Committee and actively workshops with leaders on technology trends, the Firm's innovative strategies, and how they will impact core business deliverables.

Mr. Scavuzzo earned his Bachelor of Science in Computer Engineering and Master of Science in Telecommunication Networks from Polytechnic University, which is now known as the NYU Tandon School of Engineering.
